

NOLAN CLARK

Nolan is a CPA-CA. As a manager at PwC in the assurance group, he's had the opportunity to work with a variety of public, private, and non-profit clients.

Nolan holds a Bachelors of Commerce from the University of Northern B.C., majoring in Accounting and Finance.

A father of two young boys, Nolan and his wife embrace the use of technology as a learning tool and see the positive impact it can have on a child's learning. He was recruited to the Board for his expertise in finance and accounting in 2017.

SANDY SIGMUND

Sandy is a multi-talented executive with a proven ability to deliver inspirational leadership to Encorp Pacific in positions of progressive responsibility since 1995. A skilled communicator with an ability to cultivate strong working relationships at all levels of government, boards as well as new stewards to Extended Producer Responsibility. She is also an innovative professional with strong business acumen, outstanding problem solving skills, and extensive industry experience.

Sandy holds a degree in marketing from BCIT as well as certificates in Governance Essentials for Not-For-Profits from the Institute of Corporate Directors (ICD.D), Sauder School of Business, UBC.

Sandy has extensive background in marketing. She is also very passionate about recycling and a strong believer in passing a legacy of concern for the environment to the future generation. Sandy is happy to share her marketing and strategic expertise with BC Tech and is pleased to join the board in 2017.

DEENA D. SIMON

Deena has over 20 years experience in the IT Sector, currently managing business development customer collaboration with Microserve. She has also held progressive roles with Sharp Audio Visual, Acrodex, and TELUS, delivering extensive product and technical training to a variety of audiences.

Deena has earned a diploma from BCIT in Business Administration, and certificates in marketing, sales, human resources and personnel management.

Deena has been a driving force on the sales team, a skilled networker with strategic approach in building relationships. She is looking forward to provide her expertise and network to the BC Tech board in 2017.

MARK TAYLOR

Mark is the President at AMPD Game Technologies, where he is responsible for operations, management and support services. He is well skilled in Strategic Planning, Organizational Development, Business and Systems Transformation, Financial Management, Contract Negotiations and Human Resources Leadership. He has over 20 years of leadership in multi-million enterprise tech companies, in addition to experience working as an account manager/client services.

He has attended the UBC Sauder School of Business (Sales & Marketing), and Dalhousie University where he studied engineering.

Mark brings an impressive network and a wealth of experience in information technology, sales and marketing, and senior level management to the Board. He is very interested in the CFS internship program and how to better support youth as they move into their future tech careers.

H.B. TEO

H.B has worked for the Provincial Government for over 20 years, serving as Chief Technology Officer and Executive Director for BC Ministry of Education since 2014.

H.B. holds a MBA degree from Simon Fraser University.

H.B has significant knowledge about technology in BC's education system has brought leadership and valuable experience to the board since 2015.

PETER VOGEL

Peter has been teaching for almost four decades. His areas of expertise include physics, technology, curriculum design and network management. Peter is a regular columnist for the BC Catholic Newspaper, writing on internet and communications technologies for over 20 years.

Peter's areas of study at Simon Fraser University included chemistry, physics, crystallography, computer systems, and education. He has received provincial, national and international awards for physics and computer education and is most proud of his Canadian Association of Physicists teaching award that led to him being the first Canadian teacher to spend a month at CERN and the Large Hadron Collider in Geneva.

Peter has strong knowledge and interest in the science community and is an avid follower of modern technological innovations. He has also been a long time user of the Computers for Schools program through Notre Dame Regional Secondary and is happy to join the board in 2017.

GOODWIN YOUNG

Goodwin has 30 years experience in the telecom industry and is the current VP of Operations at Inception Software. Goodwin's expertise in the telecommunication industry includes wireless data and network management, operations support, to customer care system technologies. He has led many international teams throughout his career.

Goodwin holds a B.A.Sc and M.Eng in electrical Engineering from the University of Ottawa.

Goodwin has excellent business acumen and has been responsible for project delivery, customer relations, business operations and human resources management. He has been volunteering with BC Tech since 2014 providing a ground level understanding of our operations and was recruited to the board in 2017.
